

Boots to Business in Action

Michael Stacks, an active duty service member in the U.S. Navy, and his wife, Kerrie, achieved their dream of starting their own brewery by participating in the Boots to Business Program. Michael and Kerrie join the ranks of 70,000 service members and military spouses who have participated in the Boots to Business program since its start in 2013. Bold Mariner Brewing Company is now a thriving business in Norfolk, Virginia.

After serving eight years in the U.S. Air Force, Torrance Hart reached out to her local Veterans Business Outreach Center (VBOC) to help launch her custom gift box business Teak & Twine. Through the VBOC, Torrance attended Boots to Business where she learned techniques for evaluating her business and was connected to resources in her local community. The customized advice she received, from business counselors who helped her fine tune her supply line and promote her website, helped her grow her business.

What is Boots to Business (B2B)?

Beginning Your Journey

The Introduction to Entrepreneurship course is the foundational piece of Boots to Business. This two-day in-person course provides participants with an introductory understanding of business ownership.

The course provides an overview of entrepreneurship and dives into applicable business ownership fundamentals. Participants are introduced to the skills, knowledge, and resources they need to launch a business.

Continuing Your Journey

Optional Courses

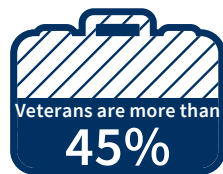

After completing the introductory course, participants can elect to further their study through a variety of online courses: B2B: Market Research, B2B Business Fundamentals, Special Topic Tracks, or B2B: Revenue Readiness.

Follow-on Support

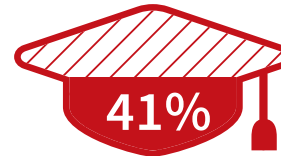

Boots to Business and Boots to Business Reboot participants are encouraged to take advantage of the many resources and services offered by the SBA and its partner network:
